To whom it may concern,

I am writing this letter as a recommendation for the services provided by FOMINOV CONSULTING LLC. For the past few years, I have worked hand in hand with FOMINOV CONSULTING team who assisted us with numerous services including our last project "Veeam Backup & Replication Universal Subscription License". They provided all possible support and assistance in choosing the appropriate solution for Premium Bank's infrastructure.

Regardless of the size of the project – from purchasing a license to installing the equipment – FOMINOV CONSULTING team always proved them to be professionals in their field. Company's employees are known for their attention to detail and problem-solving skills, which have contributed significantly to the successful completion of various projects under their supervision. They have a proven track record of meeting deadlines and maintaining high standards of quality.

At no one time have they failed us, have always been on time, making them a trustworthy partner to us. Our long-term and value-based partnership is a clear evidence of the company's reliability.

Based upon the foregoing, I recommend without hesitation FOMINOV CONSULTING for your IT installation tasks!

If I may be of further assistant with any questions, please, fell free to contact me.
