LETTER OF RECOMMENDATION

To Whom It May Concern

Premium Bank ASC is pleased to provide this letter of recommendation for FOMINOV CONSULTING LLC based on the successful implementation of the NoThreat Complete Security Bundle (On-Premises) with a one-year subscription period within our IT environment.

FOMINOV CONSULTING was responsible for the delivery, deployment, configuration, and integration of the NoThreat security platform as part of our cybersecurity enhancement initiatives aimed at improving threat visibility, incident detection, and overall security posture.

Throughout the project, FOMINOV CONSULTING demonstrated strong technical expertise in cybersecurity solutions, threat intelligence technologies, and enterprise security architecture. Their team ensured smooth implementation and seamless integration of the platform into our existing infrastructure while minimizing operational impact.

The implemented NoThreat solution provided Premium Bank with enhanced capabilities in threat detection, security monitoring, and proactive identification of potential cyber risks across our environment. The deployment contributed to improved visibility into security events and strengthened our ability to respond to emerging threats.

We particularly appreciate FOMINOV CONSULTING's professionalism, responsiveness, and commitment to delivering the project in accordance with the agreed scope and timeline. Their technical competence and customer-oriented approach played a key role in the successful completion of the project.

Based on our experience, we confidently recommend FOMINOV CONSULTING LLC as a reliable and highly qualified system integrator with proven expertise in cybersecurity, threat management, and enterprise security solutions.

Should you require any additional information, please feel free to contact us.

Sincerely,

Chairman of the Management Board

Bakhshaliyev Farhad
